

Is there a wall between *your faith* and **your work?**

How did it
get there?

As a company,
how do we begin
to talk about it?

How do we
carefully
tear it down?

Faith @ Work Discussions...

a non-threatening, relevant, monthly, 1-2 hour group conversation taking current business circumstances, & applying God's Truth to it.

In 2003, we were asked to hold a company accountable to Truth, so we began to:

- 1. Pray to God for direction**
- 2. Ask leaders of the company, "What's your group dealing with, what's their pulse?"**

Each month, we do these same things. The resulting group exchanges have been rich, varied, enlightening, and freeing.
